

CONDITION SERIOUS.

The President Suffered a Relapse Last Night and for a While Life was Despaired of. There was a Slight Rally This Morning, But His Condition Is Still Most Critical.

Buffalo, Sept. 13; 1:05 p. m.—At 12:30 the president was still sleeping. His condition is unchanged and there are no new developments. His physicians say if he can be taken through the night without further decline, there will be hope for him. Mrs. McKinley hasn't been told, but seems to fear the worst.

A dispatch from Buffalo dated 1:15 states: The president is gradually sinking, with rallies. His heart is failing. His stomach fails to assimilate food, and the end may come at any time. All officials have been sent for.

AFFECTS STOCKS.

New York, Sept. 13.—The stock market was affected by the president's crisis, and opened feverish with wide declines. Feeble rallies were not held, and the feeling continued excited.

THE FIRST BULLETIN.

Buffalo, Sept. 13, 8 a. m.—The president took a turn for the worst after midnight, growing steadily worse until 4:30. The doctors held out little hope for his recovery and once or twice death seemed very near. At 6:30 a slight rally had occurred, but his condition is still most critical.

MORE ENCOURAGING.

Buffalo, Sept. 13, 9:15 a. m.—Physicians reported slight improvement in the president's condition at 9 o'clock. He seems to be responding to stimulation more readily and Dr. Myer stated:

NOON.

Buffalo, Sept. 13, 10:41 a. m.—Although the president's doctors say they have not abandoned hope, their statements leave room for but little hope. All dread what the day may bring.

THE TROUBLE.

Buffalo, Sept. 13.—The trouble and source of danger now is in the stomach and bowels. The amount of medicine in the urine indicates a disturbance in the gastro-intestinal canal, called in medical terms intestinal toxemia. The fact is that the president should not have been allowed to take any food through the stomach because of the wound in that organ. Nourishment therefore was administered as

OTHERWISE.

"Nourishment, however, is absolutely necessary to keep up the strength. It is hoped that the next 24 hours will show a decided change for the better in the general condition of the president."

THE NEWS IN PADUCAH.

The news of the president's sudden turn for the worst was received in Paducah with evidence of unusual interest, and people crowded about the newspaper bulletin boards, and kept the telephones busy all the forenoon and afternoon. Everything that could be secured in the way of news was eagerly scanned, and there was nothing but the greatest solicitude expressed everywhere. There were as usual many wild and conflicting rumors all day, but the latest and most authentic information was to be had over the phone or at the bulletin boards, and false reports were speedily denied.

ISSUES OF 1904.

Lincoln, Neb., Sept. 13.—In a letter to George W. Harris, president of the Bryan Traveling Men's club of St. Louis, made public today W. J. Bryan outlines what he believes will be the leading political issues of 1904. Mr. Bryan insists the silver question is not settled, that the fight against the trusts must continue, together with opposition to government by injunction, and finally that the Kansas City platform bids fair to be as sound declaration of Democratic principles ten years hence as at the time it was adopted.

DESTROYING STORES.

Manila, Sept. 13.—Active military operations are progressing in the neighborhood of Cabago. Three different companies of the Eighth regiment have had engagements with the insurgents and have destroyed several quantities of stores and ammunition. The troops also captured a number of flags, rifles and many insurgents. The governors of three provinces in the island of Luzon have appealed to the municipalities to prohibit gambling, which they declare is becoming a public nuisance.

ENJOINED TICKET.

Cleveland, O., Sept. 13.—The ticket brokers, who were enjoined from dealing in G. A. R. tickets, filed an answer in common pleas court through a dozen attorneys. As soon as they were served with notices of the granting of the injunction at their regular places of business many brokers opened offices elsewhere, and continued to buy and sell tickets.

GAGE ACCEPTS BOND OFFERS.

Washington, Sept. 13.—Secretary Gage has accepted offers of bonds aggregating \$7,508,800, made in response to his announcement of last Tuesday that he would receive offers of all denominations except the new 2s. The highest price for 4s. of 1907 was \$111,375; for 3s, \$109; for 5s, of 1904, \$108.75; for 4s, of 1905, \$140.

RECTOR REED.

SUSTAINS PAINFUL INJURIES FROM A FALL FROM HIS BICYCLE. Rector B. E. Reed, of the Episcopal church, met with a serious accident in front of that church this morning about 9 o'clock while preparing to ride to town on his bicycle.

He mounted the wheel at the bridge in front of the church and before he had gone three feet the front wheel struck a rock or some other obstruction which turned and threw Dr. Reed to the ground. He struck the curb and remained there in an unconscious condition. He was picked up and taken to the porch of the church where he remained until Dr. Hicks and his wife and daughters arrived. He was unable to walk and had to be carried to his residence on Court street where an examination of the injuries was made. There were no bones broken but his hips were badly bruised and also his head and back are in a like condition.

After an examination had been made it was found that the injuries are not of a very serious nature although they will confine the doctor to his room for some little time. There are many very painful bruises on his person but the shock more than anything caused him more injury. Dr. Brann, of Baltimore, a young physician lately arrived here was the first to get to him when he fell and rendered very valuable assistance.

WAR DEPARTMENT WANTS KENTUCKY CALVARY MEN.

Washington, Sept. 13.—The war department is beginning the fall recruiting campaigns with vigor. Especial attention is to be paid to Kentucky. The government hopes to recruit there largely for the cavalry, though recruits for infantry and artillery engineers and staff corps will, of course, also be taken.

The state is to be placed in charge of Maj. John B. Rodman, of the Twentieth infantry. He will make Louisville his headquarters. In the northern states it has been found that the best recruiting was done in the large cities. Major Rodman, however, can use his discretion and can establish recruiting stations in any likely part of Kentucky.

IN SOUTH AFRICA.

LIVELY SCRAP REPORTED IN THE RIVERSDALE DISTRICT.

Pretoria, Sept. 13.—While Colonel Muro's column was returning from Harby, east to Dordrecht, it was attacked by the Boers under Commandants Fouché and Myburgh, in Wolkebloff. The advance guard was killed in the pass when a terrific fire was opened upon them from the heights above the Kloof. The British were in a precarious position on the flat, where there was little or no cover, but they rapidly unlimbered and returned a brisk fire. The fighting continued for some time.

The British had four wounded. It is reported that the Boers had four killed and a considerable number wounded.

On the following morning a reconnoitering force with big guns cleared Wolkebloff of the Boers, who retreated in the direction of the Drakensburg. The British followed the burghers for a considerable distance, shelling them incessantly.

NO EVIDENCE.

EMMA GOLDMAN WILL IN ALL PROBABILITY GO FREE.

Buffalo, Sept. 13.—"We have not sufficient evidence to warrant the holding of Emma Goldman," District Attorney Penney announced this afternoon just after he had a conference with Supt. Bull. "We have not prepared any papers, and of course have sent none on. Neither do we intend to prepare any extradition papers. You may say on our present evidence we can not hold the Goldman woman, and no extradition papers will be prepared today."

THE PROJECT HAS NOW FALLEN THROUGH IN PADUCAH.

The project on foot to hold a county fair here this fall has gone by the board, and the effort will be abandoned. The cause is that a fair such as was contemplated could not be given at the grounds, the promoters not being allowed to permit beer or pools sold, or to have the usual adjuncts that go to make a fair a success.

Several gentlemen from Madisonville were interested in it, but have now abandoned the idea.
